Size : 220 cm 7,2 Ft

NOBLE MATERIALS

HARDWEARING BAIZE

Elegant and pleasant to the touch, the baize is made from a rot-proof, washable, stain and shock-resistant material. Its quality and robustness ensure unfailing playing quality and all-out fun.

ULTRA-STIFF STRUCTURE

Selected to combine reliable solidity and optimised weight, the ultra-stiff 100% steel structure on your Hyphen pool table is coated in epoxy paint, renowned for its durability and robustness, that has undergone a full anti-corrosion treatment.

COMPOSITE SLATE

Under the baize sits the slate. The 12 mm high-density laminate resin tabletop cast from one piece enables optimal control of the trajectory of the balls. Supported by an ultra-stiff structure, it remains perfectly flat.

NATURAL RUBBER CUSHIONS

Offering a quality of play similar to that of indoor pool table cushions with exceptional bounce, the natural rubber cushions on the Hyphen outdoor pool table also boast superb anti-ageing, weather-proof qualities.

THE ULTRA-DURABLE POOL TABLE

WEATHER-PROOF

From the baize to the structure, the slate and the natural rubber cushions: each part has been designed to withstand the effects of time and weather. Sunshine, rain, variations in temperature, moisture, Hyphen can withstand the most extreme outside conditions

SHOCK RESISTANT

Your Hyphen outdoor pool table withstands miscues and impact of any kind. Designed for social occasions between players of any age and any level, it gives you the freedom to play without worrying about damaging it.

EASY-CLEAN

A product made using rot-proof and stain-resistant materials, Hyphen is easy-clean. To go about this, use the brush that's included and follow our maintenance tips supplied with your pool table.

5-YEAR GUARANTEE

True to its quality commitment, Cornilleau guarantees your outdoor pool table for 5 years. The spare parts will still be available for at least 20 years from the moment your table is manufactured.

PLAYING PERFORMANCE

LEVELNESS

Thanks to its composite slate, supported at its sides and centre by a robust, stable structure, the playing surface remains perfectly flat, whatever the circumstances. With its four adjustable feet (5 cm range) and five micro-adjustment points under the tabletop, your playing surface is perfectly level.

ROLL

Fun and precision go hand and hand. Natural roll, accuracy of play, return of spin: the baize on your Hyphen outdoor pool table is designed to enhance the thrill of the game to the max.

BOUNCE

With its top-of-the-range natural rubber cushions, the Hyphen outdoor pool table is fun to play on and offers exceptional bounce to delight both experienced players and beginners.

BRING STYLE TO YOUR GARDEN

CONVERTS INTO A GARDEN TABLE

A piece of genuine designer furniture, Hyphen will sublimately subsume your outside spaces with its sleek lines and noble materials. More than a pool table, it can very easily be converted into a garden dining table. A stone or wood appearance: it's up to you to choose the finish that will go best with your outside space.

EASY TO MOVE AROUND

In the shade, in the sun, in the shelter, poolside or even indoors: you can move your outdoor pool table just as you please. All it takes is two people to lift it, or four to move it effortlessly. Play wherever and whenever you like.
