Mount

Snorkeling & Diving

Get fully immersed in the underwater world while easily gliding through the water. Less oxygen consumed, more fun in the water.

Water park & Swimming pool

The strong dual motors release a thrust powerful enough to pull multiple people at once. Designed for both adults and children.

The world's first dual-motor underwater scooter

The trailblazing technology accomplished in this innovative dual-motor propelling system is the first-ever of its kind. The design features the perfect combination of strong propulsion power and tuned floating stability, and effortless control.

Speed: 1.5 m/s, Glide like a swimming champion

The WhiteShake Mix propels at speeds up to 1.5m/s (3.36mph), the same record speed as set by the Women's 100m Breaststroke World Champion.

Exceptional waterproof performance up to 40 meters (131ft)

The WhiteShark Mix adopts industrial-grade machine sealing technology. The equipped batteries boast innovative patented waterproof technology that ensures a maximum working depth of 40 meters.

Lightweight, portable & FAA compliant batteries *

Patented waterproof rechargeable lithium battery features an independent sealing design that allows users to swap easily. It meets air transportation standards and can be carried onboard.*

Agile and user-friendly

Press and hold buttons on both sides to start, and release either button to stop for improved safety. Easy 360° underwater rotation.

Universal interface for action cameras

The built-in mounts are compatible with action cameras and selfie sticks for an integrated POV filming experience. Record high quality and stable footage even when you are doing a rotation underwater.

* Airline/airport check-in rules may vary. Please check with your airline before travelling.

Specifications

| | |
|-----------------------------|--|
| Dimensions | L465 × W230 × H230mm (L18.30 × W9.05 × H9.05in) |
| Host weight | 2005g (4.42lbs) |
| Buoyancy compartment weight | 605g (1.33lbs) |
| Speed | 1.5m/s (3.36mph) * |
| Depth | 40m (131ft) |
| Battery life | 30mins* |
| Battery weight | 890g (1.96lbs) |
| Interface | Built-in mount for action cameras or lights (not included) |
| Accessories | Removable Buoyancy Compartment, Anti-lost Lanyard |
| Optional Accessories | 2-hour Charger, Quick-release Camera Holder, Accessories for Underwater Photography Platform, Dive Girth, Multifunctional Dry Backpack (sold separately) |
| Ages | 8+* |

* The rated speed is the result of product test results and may be affected by user, user's swimwear and equipment, water conditions, etc.

* Battery life is for reference and based on product test data. It is the average value of the maximum time that the user can operate the scooter according to general usage (discontinuous operation) when the battery is fully charged.

* The scooter is designed for users 8+ years old. Minors must be accompanied by a parent or guardian while using the scooter.
