Modular Design

Wireless Connections

2 Gear Speed Switch

Various Modes

Smartphone/  
Action Camera Mount

Flight Safe

45 Minutes Usage

Suitable for Right or Left Hand Use

**Single propeller mode , easy underwater swimming.**

A single propeller, compact and portable, can achieve two speed control, respectively 1.1m/s and 1.4m/s.

**Dual propeller mode , fly through the waters.**

WhiteShark Tini 2-in-1 mode can go as fast as 2m/s, 2 gear speed options . Double the power, double the fun.

**Inflatable kickboard mode,  
double the family fun**

Install the propeller to the bottom of the inflatable kickboard, choose different speeds of 1.1m/s or 1.4m/s. Glide on surface of water freely, double the family fun.

### Modular design ,various modes of play

Innovation structure, unlock multiple combinations, flexible assembly, meet multiple needs.

### Wireless control technology

Low frequency communication technology is adopted to optimize the control algorithm to make the signal transmission more accurate and stable.

### Super power, durable and reliable

A single charge allows to explore up to 45 minutes underwater. WhiteShark Tini has tested extensively for durability, underwater pressure, and salt corrosion to guarantee it meets all of the requirements.

### Wireless control handle, get easy to use

Tini can easily be disassembled without using any tools, its versatile and modular design gives you the freedom to customize it to fit your needs. Left-handed or right-handed, easily interchange the control handles to fit your preference.

### Smaller, more portable

Small size, can be put in the backpack or carry alone. Standard 98wh lithium battery, boarding safely and travel all the way.

\*Airline/airport check-in rules may vary. Please check with your airline before travelling.

### Smartphone/Action camera mount

The general interface supports the mounting of smartphone and action cameras to take wonderful pictures and share them immediately after landing.

\*Optional floater accessories: floater+waterproof smartphone holder, waterproof smartphone case sold separately.
